IMPORTANT: There are two distinct families shown on these CAN pages - the first starts here at CAN 01, the second at CAN 14  
both families descend from: [Blennerhassett of LISSATAGLE, CURRANS, also GLENDINE, Co.Kerry \(p.L 01\)](#)  
but the precise connection is at present unknown

This Blennerhassett family may perhaps(?) be from Lissataggle, Currans, Co.Kerry; This is about eight miles from Tralee & the other Ontario Blennerhassett families (CAN 14, CAN 34) are both from Lissataggle; For Blennerhassett families at Lissataggle, Currans, Co.Kerry see page L 01 etc	Treasurer of "Lakeside Orange Association", East Nissouri (organized 1858); of West Zorra 1860; Innkeeper/Hotel Keeper at Harrington, Lot 31 Concession 2, West Zorra, nr Ingersoll, Oxford Co., Ontario c1861-1877; (W.Zorra is near St.Mary's, SE of London, Ontario); In 1881 again wagonmaker at West Zorra; in late 1880s owned a wagon making business, Stratford, Ontario	m.1871 St.Mary's, Ont. If so it is possible (but no evidence at all) that the father of this Arthur Blennerhassett (b.1830 d.1895) may be brother of William Blennerhassett (b.1803) on CAN 14, John B. Hassett on CAN 14 and Giles Blennerhassett Sr on CAN 34	See "Historical Atlas of Oxford County, Ontario" 1876 (has list of immigrants); also "Illustrated Historical Atlas of the Counties of Oxford and Brant" p.49 (Cumming Atlas Reprints)	<b><u>FAMILY BIBLE:</u></b> John Leonard Ardiel was a son of John Ardiel 1800-1875 and Mary Powell 1810-1886; Ardiel descendant Nancy Hipwell has this photograph. It has been suggested the Blennerhassett families who emigrated from Kerry to the Ingersoll and Mount Forest areas of Ontario went there because their cousins, the Crotty family, were already there; Crottys, descendants of the Cashell family, went to Ingersoll c1830; Further information on this connection is requested... FORT WILLIAM

(since renamed Thunder Bay) Ontario

**Canadian Pacific Railway**

(William) Leadman Blennerhassett was a locomotive engineer with the 'Canadian Pacific Railway' (CPR); He started his career as freight shed helper in 1881, then wiper & helper in railway workshops; The following year he was fireman on an engine running out of Winnipeg West; In 1882 he came to Fort Arthur and on 9.6.1882 took one of the first passenger trains out of the city, immediately after the CPR had taken over the roadbed from their contractors;

For the following two years he was on the Fort Arthur-Nipigon run, carrying contractors' materials and passengers

Construction of a rail bridge over the treacherous Nipigon River in Ontario completed 2.4.1885, having taken three years to build. On that same day he drove Engine No.67 along the north shore of Lake Superior & over the Nipigon bridge, carrying material for railway construction on the other side between Nipigon & Schreiber. He thus made history as engineer of the first train to cross this last important obstacle to the great CPR Trans-Canada railway.

The official opening of the bridge was on 18.4.1885  
*NOTE: Engine No.67 was a "Kingston", built by the Canadian Locomotive Co. of Kingston, Ontario in 1882, assigned to Mattawa 1904, scrapped 1910; It weighed 60 tons; 45ft from tender to cowcatcher.*

There followed a few more years of freight runs, then for 21 years until retirement in 1927 he had a passenger run between the lakehead and Winnipeg

Engine No.2700 (built by Canadian Pacific at its Angus Shops in Montreal 1919, scrapped 1959) was named "*William Blennerhassett*" in recognition of his achievements and long service with the company. It is believed Engine No.2534 (built by CP 1908, scrapped 1958) briefly also carried his name, from 1918 to 1919

52 years later, in 1937, he was invited to drive the first automobile over the new Trans-Canada highway road bridge at Nipigon; There is only 50 ft between the two bridges as they cross the river;

An illustrated article on the two events appeared in **[Toronto Daily Star 2.10.1937]**
